Date: 04/03/2016

Bi-Weekly Report

Overview

During reading week, we implemented multiple front-end elements and fixes. There was no progress made during Scenario Week, however the following week, we participated with our project in the Digital Catapult Global Health Event, delivering a one minute elevator pitch as well as a poster. The event also included a Q&A on our project with questions ranging from user base to implementation and security.

Meetings

Date	Participants	Type	Description
Tuesday, 1/03/2016	Andrei Boscor, Alexandru Marginean (TA) Do Xuan Bach	Team meeting	• Showed front-end progress • Showed back-end progress
Wednesday, 2/03/2016	Andrei Boscor, Dr. Patty Kostkova	Digital Catapult Global Health Event	• Presented one minute elevator pitch • Presented poster • Held a half an hour Q&A on the project
Thursday 6/02/2016	Dr. Patty Kostkova, Andrei Boscor, Do Xuan Bach,	Client meeting	• Discussed problems regarding back-end

Tasks

Task	Assigned to	Completed
Client Communication	Andrei Boscor	Yes
One minute elevator pitch	Andrei Boscor	Yes
Database research	Andrei Boscor, Do Xuan Bach	In Progress
Database implementation	Do Xuan Bach	In Progress
Extra front-end elements	Andrei Boscor	Yes

Event participation and presentation	Andrei Boscor	Yes

Problems

- Login script with Rest API proved to be more difficult than expected

Future Plan

- Continue Database implementation.
- Further discuss implementation of Website features.
- Connect Front-end with Back-end

Individual reports

Do Xuan Bach

This 2 weeks i'm working on getting querying the database from the mobile apps via Rest services. Also creating ajax from mobile apps.

Andrei Mircea Boscor

These past weeks, I have completed the front-end implementation of the profile page. Furthermore I have created and pitched a one minute presentation as well as a poster for the Digital Catapult Global Health Event. I also presented the app to multiple people in the Global Health Industry as well as participated in a half an hour Q&A regarding our project.
